EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Philip DuBois on 2/6/05.

The application has been amended as follows:

In the claims:

In claim 7 line 9 "at the level of" has been deleted and replaced with --wherein the echogenic material is aligned with--.

In claim 7 line 10 after "said first passage" and before the coma ",", --along the longitudinal axis of the elongated member--has been added.

Allowable Subject Matter

Claims 7 and 11-12 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to teach a catheter elongated member having, among all the limitations, the combination of a first passage having an open distal end, a second passage being closed at both ends and containing an echogenic material wherein the echogenic material is aligned with the open distal end of the first passage along the longitudinal axis of the elongated member.

Art Unit: 3763

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Catherine S. Williams whose telephone number is 571-272-4970. The examiner can normally be reached on Monday - Friday.
